Delivering prosperity through innovation

Discover a range of new free-to-access green skills short courses on Innovation South Virtual Campus (ISVC) now and start your journey to a greener career.

Step 1

Create an account. Head to em3.isvc.co.uk to sign-up and explore a wide range of learning materials.

Step 2

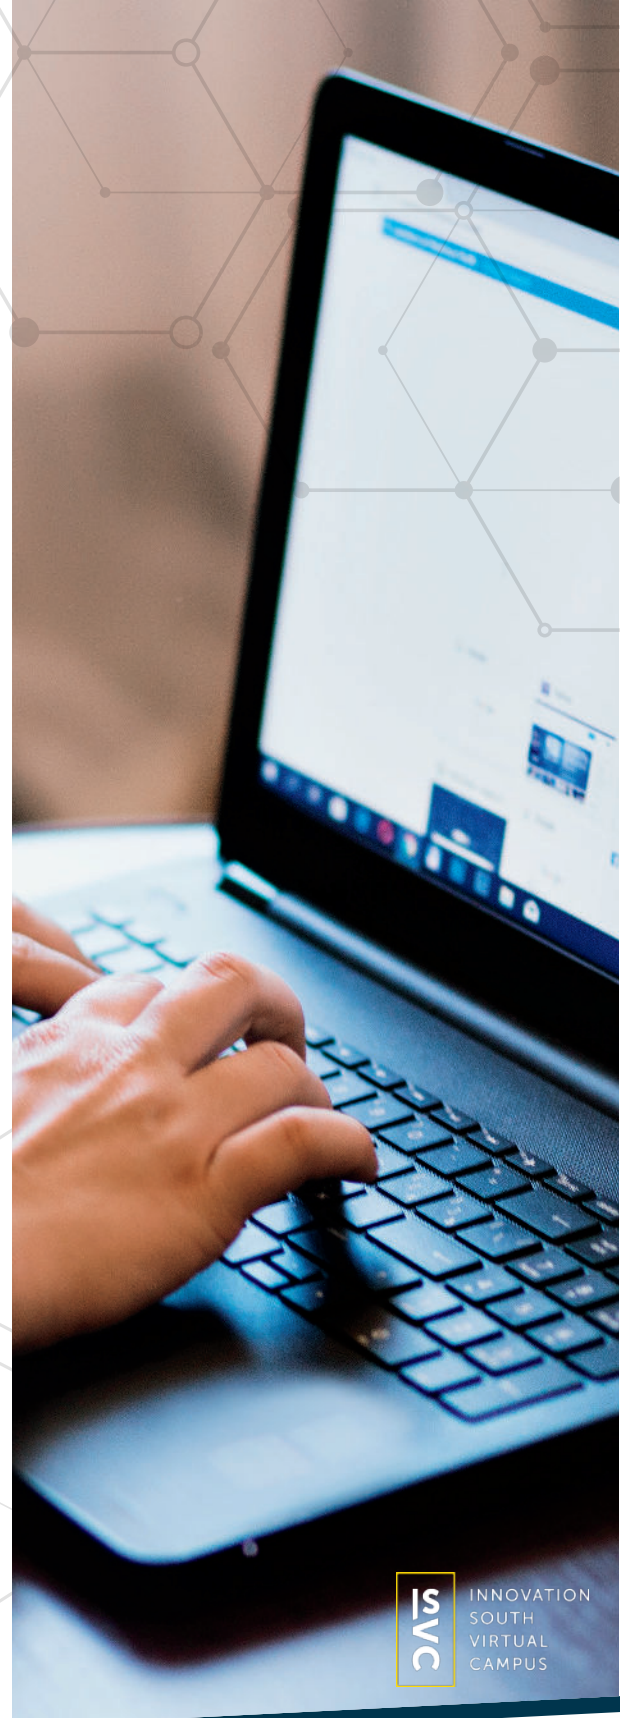

Choose from these new green skills topics:

- **Retrofit** - maintenance and repair of Solar PV, Solar Thermal, Heat Pumps and Rainwater Harvesting technologies.
- **Land Based** - sustainable Agriculture, Arboriculture and Horticulture practices.
- **Ultra-Low Carbon Vehicles** - maintenance and repair of Electric and Hybrid vehicles.
- **Carbon Literacy** - awareness of climate change and understanding of how to reduce emissions.

Step 3

Congratulations on boosting your knowledge!

Looking to further your green skills? Contact any of the partner colleges listed below to discover both full-time and part-time courses.
