Our Principal obtained an OBE in 2024

We have an excellent reputation for our use of AI with not only over 2874 external participants directly influenced by our expertise, but the college has pioneered the way in integrating educational technology, adopting tools like GeminiAI and Canva into its curriculum and using them to help staff be more efficient.

In February 2023 BCoT were graded **OUTSTANDING** for our Adult Learning Programmes

BCoT received a £500,000 investment to build a new state-of-the-art production suite, which will include technology that directors such as James Cameron and Jon Favreau use.
